

Cobb County School District
A community with a passion for learning!

**Academy of Mathematics,
Science & Technology
Kennesaw Mountain High School**

STUDENT CONTRACT

ACADEMIC STANDARDS

1. Magnet students must make at least a 3.0 in each math and science course to maintain the “good standing.” status. For AP courses, this minimum standard is defined as a 3.0 after application of the extra quality point.
2. If a student receives a grade below a 3.0 in any math or science course, he/she will be placed on academic probation.
3. Dismissal from the program may result if a student earns two or more D’s in math and/or science courses in any given semester or earns a grade of F in any math and/or science course.

ACADEMIC PROBATION

4. A conference will be arranged between the magnet coordinator, the student and, if necessary, the student’s parent(s)/**guardian(s)**. An Action Plan will be developed for the student during this probationary period. This plan may consist of steps including but not limited to the following: tutoring, one-on-one instruction and a reduction in non-academic activities. In any case, the student must make at least a 3.0 in the next course in that subject area.
5. Upon successful fulfillment of **#4** above, the student will return to a “good standing” status.
6. If a student does not fulfill the Action Plan and meet the academic requirements outlined in **#4** above, he/she will be dismissed from the magnet program.
7. Second-semester seniors who do not fulfill the terms of their probation as specified on the Action Plan may remain at KMHS for the remainder of the year but will not receive the magnet seal or the magnet stole for graduation.

DISCIPLINARY PROBATION

8. A student may be placed on disciplinary probation for the following reasons:
 - a. Five (5) or more unexcused absences in a semester
 - b. A single disciplinary referral that results in 3 or more days of out-of-school suspension
 - c. A single disciplinary referral that results in 5 or more days of in-school suspension
 - d. Repeated violations of Rule JICDA-H (Student Code of Conduct [High School]), which may be downloaded at www.cobbk12.org
 - e. See Rule IHBHB for more actions that may result in probation
9. A student placed on disciplinary probation who violates any of the above rules in two successive semesters or more than one in a semester may be removed from the magnet program

DISMISSAL

- 10. Magnet students from inside the Kennesaw Mountain attendance zone who are dismissed from the program will be placed in the appropriate courses in the KMHS population.
- 11. Students from outside the Kennesaw Mountain attendance zone who are dismissed from the program within the first three years of participation are expected to return to their districted high school and will be subject to normal Georgia High School Association (GHSA) transfer rules regarding eligibility in extracurricular activities.
- 12. Students exiting the program within the first three years of participation and after the first two weeks of the semester may remain at KMHS for the remainder of the semester before returning to their districted high school but will lose magnet transportation opportunities.

Note: In an attempt to preclude academic problems, program personnel should monitor the performance of magnet students on an ongoing basis and early intervention steps may be taken as deemed necessary.

Recognizing that enrollment in a magnet program is a privilege, not a right, we, the undersigned, have read, fully understood and agree that the expectations set forth in this document serve as the requirements for participation in the KMHS Magnet Program. We understand that more information regarding magnet programs in general can be found in Cobb County School District Administrative Rule IHBHB (Magnet Programs). This Rule can be downloaded at www.cobbk12.org.
